Mr. John O'Hara
Kearny High School
336 Devon Street
Kearny, NJ 07032

Dear Mr. O'Hara:

Thank you for presenting *Corporation Physics* at the **Best Practices in Action Showcase** on October 28 at the Academy-North. This workshop would not have been possible without you and the other Best Practices winners that were recognized by the New Jersey State Department of Education in the 1993-94, 1994-95 and 1995-96 school years.

I know that the participants in the workshop learned a great deal about the many innovative strategies and practices that are taking place in New Jersey's schools. One of the dissemination efforts of the Clearinghouse is the showcasing of the Best Practices. Since this was the first time that workshops were conducted, we would like to have your comments or suggestions for future workshops or activities. Please send your comments to Quentin Van Buren, Coordinator of the Clearinghouse.

Thank you for your contribution toward achieving educational excellence throughout New Jersey.

Sincerely,

A handwritten signature in cursive script that reads "Dalia Flores Georgedes".

Dalia Flores Georgedes, Director
Office of Innovative Programs

c: Superintendent of Schools
County Superintendent
