Attention: Mr. Robert Mooney  
Superintendent of Schools

Dear Mr. Mooney:

I would like to take this opportunity to compliment you and John A. O'Hara for allowing an authentic assessment of knowledge through the Corporation Learning class at Kearny High School.

I had the opportunity to participate in a class at Montclair State University last week. I was very impressed by Mr. O'Hara and his students. The energy level expended by Mr. O'Hara was contagious and I left the class with an infusion of confidence that there is hope for the American educational system.

As the owner, founder, and director of David Gregory School, I applaud your school system for supporting this innovative approach. When I started the David Gregory School initiative, it was with the understanding that all children learn differently; therefore their individual styles would be honored. I am so pleased that this is being done at Kearny High School. I have taken the liberty of enclosing a brochure about our program.

Sincerely,

*Marie Lupinski*
