Dear John:

On behalf of the Executive Board and members of Delta Pi Epsilon, I wish to thank you for taking time from your busy schedule to be a Presenter at our Fall Festival on Friday, November 19, 1999.

Your demonstration on "Corporation Physics" was informative and well-received by the audience. Your presentation brought our program full circle and was welcomed by the many business educators who attended the Festival.

Thank you again for your dedication to our Chapter. Good luck and Best Wishes for a happy holiday season.

Sincerely,
