Dear Mr. Mooney:

I wish to thank you again for allowing Mr. O'Hara to speak to our staff at Franklin High School on October 16, 2000.

His presentation was wonderful and encouraged several of the teachers to think about how they could incorporate his process into their classrooms.

Hopefully, this will begin a relationship between Franklin High School and Kearny High School and especially between the students. Maybe the students would maintain the relationships throughout the years.

Thank you again and a check will follow as a donation to *Corporation Learning*.

Sincerely

A handwritten signature in cursive that reads "Carole Levy".
