Grad. School of Ed.

On behalf of the New Jersey School Development Council I take this opportunity to thank you for your participation yesterday in our Conference on Cross-Content Workplace Readiness Standards held at Rutgers University in New Brunswick. Your presentation "Workplace Readiness Skills and Well Rounded Students" provided the participants with an insight into your Corporation Learning program at Kearny High School. You deserve praise for your program and your specific, informative synopsis of your program. Your motto rightly applies to all of us in the field of education: Failure is not an option.
