Dear John,

Thank you for sharing your enthusiasm for teaching with Mike Emde and me on March 30<sup>th</sup>. We were impressed by the quality of instruction, use of technology and speaking skills displayed by students in Corporation Physics. I appreciate your willingness to share your success with other schools. The skills your students are learning extend beyond the subject matter. I will be in touch with you if Mike chooses to use the Corporation Physics approach to student based learning. Keep up the excellence in education!

Sincerely,

Ronnie R. Bernhard,  
Supervisor
